The screenshot displays the 'Reg Organizer' application window. The interface is divided into several sections:

- FOR ALL USERS:**
  - EXPRESS CHECK:** Quick checking of the system state.
  - SYSTEM CLEANUP:** Freeing disk space and correcting problems. A large red box highlights this section with the text: "System Cleanup Useless files found 1.2 GB / 1770 items at least this space can be freed" and a "RUN THE SCAN" button.
  - PRIVATE DATA CLEANUP:** Cleaning data, such as browsing history.
  - REGISTRY OPTIMIZATION:** Defragmenting and compressing.
- FOR ADVANCED USERS:**
  - STARTUP APPLICATIONS:** Processes that run on Windows startup. A large red box highlights this section with the text: "Startup Applications Optimization is available 3 items can be optimized" and a "OPTIMIZE STARTUP" button. Below this, a "Private Data Cleanup" section lists items for cleanup: Utorrent (401KB), MSN FINA... (34KB), NVIDIA DRIVER BACKUP (4.4GB, 3884 items), Windows Defender (2MB, 155 items), MSN SPORTS (748KB, 54 items), and Steam (609KB). A "RUN THE SCAN" button is present.
  - UNINSTALLER:** Software uninstalling and installing.
- MISCELLANEOUS TOOLS:** A section with a left-pointing arrow.

At the bottom, there are buttons for "REMOVED APPLICATIONS LEFTOVERS" (2 ITEMS), "OPTIMIZATIONS:" (LOAD, SYSTEM, INTERNET), and a toggle for "Execute Express Check at Reg Organizer startup" (ON). The footer shows "Subscribed 156,366" and "Undoing Changes Center".
